

**CHILDREN WITH  
EXTRAORDINARY  
POTENTIAL**

Tiyanjane is just 17 years old, yet she is the head of her household. Her siblings, (from left to right) Mike, Jeremy, Olive and Shamim, rely on their sister for food and safety – and Tiyanjane works hard to provide for them. She hauls water for brick makers, even though it is dangerous. She also helps some of the village women with laundry, earning a small income.

Like many children in their community, they have no one to care for them. They are doing the best they can. The support they've received from WOW, including food and healthcare, has made it possible for this family to build a better future.

**"I HAD NO JOB  
BUT NOW I AM A SEAMSTRESS,  
BEAD MAKER, AND ACTIVE  
BUSINESS WOMAN.  
WOW CHANGED MY LIFE!"**

ANNE, A WIDOW FROM MTANDIRE, MALAWI

This past year is one of celebration and transformation. Your support of WOW empowers orphans and widows across sub-Saharan Africa, creating a new generation of healthier families.

Celebrate with us! These achievements are the direct result of your faithful and generous partnership.
